

Dear Members,

On behalf of the Executive Board for the California Jail Programs Association (CJPA), I'd like to invite you to our **virtual conference on June 30- July 1, 2021**. Although we usually host the conferences on a rotating basis throughout the state, this one will be virtual due to the COVID-19 pandemic.

CJPA is a nonprofit organization comprised of both sworn and non-sworn professionals who manage and provide rehabilitative programs and services to incarcerated individuals throughout the state's 58 counties. We are invested in developing programs and services that meet the demands of the justice-involved population with cost effective, results oriented programming, in a safe and secure environment.

This virtual conference will be an opportunity to celebrate the achievements made even during a pandemic and learn about current legal issues facing corrections in California. Please review the attached agenda to determine which issues are of interest to you to help make the most of our two days together.

Day 1 offers presentations on relevant and developing topics. Day 2 will consist of facilitated discussions on important subjects impacting our agencies today, meant to provide an interactive experience that will allow open conversation, questions, and support. We will also have information on our next LIVE conference in the fall.

Your membership and active participation increases the value of our organization. Visit our website at [www.cjpa.org](http://www.cjpa.org) to get involved and learn more about resources, membership, and more.

We appreciate all of you for your support and look forward to seeing you in June!

Sincerely,

Chris Martin, President  
Inmate Services Manager  
San Bernardino County  
Sheriff's Department
